◆ Special website for Hyogo's 150th Anniversary Project launched

July 12, 2018 marks the 150th anniversary of the establishment of the Hyogo Prefectural Government.

The newly opened website offers information about commemorative programs and events, as well as videos that will help foster young people's love of their hometown so that they can play a central role in creating the future of Hyogo. The History of Hyogo (manga) will be also available there and frequently updated.

◆ Cherry blossoms in Hyogo

One can enjoy many beautiful landscapes throughout Hyogo's five distinctive regions. This is also true in spring: Hyogo offers unique charms from each region for cherry blossom viewing, a seasonal feature of Japan. The website below provides useful information related to cherry blossom viewing in Hyogo. Information on famous spots that represent Hyogo, as well as wonderful secret spots throughout the prefecture, is available there. We recommend that you refer to this page before going out in spring.
